

Xetrion Lock Manager V2.8

Prices

Database Licenses

One database license grants Licensees the right to use the product in one database (and its replicas). The database license is bound to the database replica id.

One database license costs US\$ 95.

Company site licenses

A company site license grants Licensee the right to use the product in a given number of databases (depending on the edition purchased) within one site of Licensees company. A site is any defined entity, such as physical location or subsidiary of Licensees company.

First purchase

Edition	Number of databases	Price
